PROFILE

Final-year Information Science Engineering student skilled in Java, SQL, and Full-Stack Development, with hands-on experience in building responsive web applications and working under Agile SDLC. Passionate about Data Engineering, Cloud Computing, and Software Development, with proven achievements in national-level tech competitions. Quick learner, detail-oriented, and eager to contribute to real-world projects through innovation and teamwork.

EDUCATION

Visvesvaraya Technological University

Bagalkot, India

Bachelor of Engineering in Information Science

Expected - 2026

- **Coursework:** Data Structures, Algorithms, OOP (Java), DBMS, Operating Systems, Software Engineering

B.V.V.S Polytechnic (Autonomous)

Bagalkot, India

Diploma in Computer Science

Jul 2023

- Gained a strong foundation in **software development, networking, and database management.**

SKILLS

- **Languages:** Java, C#, JavaScript, SQL, HTML, CSS
- **Frameworks & Tools:** React.js, Node.js, Git, MySQL
- **Core Competencies:** Web Development, Database Design, Debugging, API Integration, Communication & Collaboration

CERTIFICATIONS

- SQL (Advanced) – HackerRank
- Software Engineer Intern (DSA, SQL, Problem Solving) – HackerRank
- Cybersecurity Virtual Internship – Deloitte
- Azure Web Application Firewall – Microsoft Learn
- 24-Hour Hackathon Participant – BEC 2024 – Built working prototype within 24 hours

EXPERIENCE

Winsoft Solutions

Hubli, India

Web Development Intern

Feb 2023 – Mar 2023

- Designed and developed responsive web applications using the WAMP stack (HTML, CSS, PHP, MySQL).
- Implemented core functionalities and database connectivity, enhancing user experience.
- Collaborated with a small team under Agile methodology, ensuring timely project delivery.
- Documented processes and performed debugging to improve maintainability and reliability.

PROJECTS

Faculty Advisor Management System | HTML, CSS, JS, PHP, MySQL |

July 2024 – Sep 2024

- Created a role-based web portal for faculty, advisors, and students.
- Automated CGPA, attendance, and activity tracking, improving efficiency by 50%.
- Enabled department-level communication through centralized dashboards.

Organico—Multilingual Awareness Portal | HTML, CSS, JS, PHP, MySQL |

Jan 2023 – April 2023

- Led a 4-member team to develop an organic farming awareness platform.

- Integrated multilingual support for regional accessibility.
- Secured 3rd Prize at WisoTech-2k23 (National-Level Project Competition)

ACHIEVEMENTS

- **1st Prize – Poster Presentation:** AI-Powered Defense Against Deepfake Threats, BEC 2023
Presented innovative AI-based solutions to combat deepfake threats.
- **3rd Prize – Multilingual Awareness Portal,** WisoTech-2k23
Developed and showcased a web platform promoting sustainable agriculture.
- **Participant – 24-Hour Hackathon,** BEC 2023
Collaborated in a team to design quick, functional solutions under time constraints.
- Recognized for leadership, teamwork, and innovative project development.
